INDEPENDENT AUDITOR'S REPORT

To the Moore County Board of Education
Carthage, North Carolina

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Moore County Board of Education, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Moore County Board of Education's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Moore County Board of Education, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General, State Public School, Federal Grants and Restricted Revenues funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Moore County Board of Education and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Moore County Board of Education's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Moore County Board of Education's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Moore County Board of Education's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 4 through 10 and the Schedules of the Board's Proportionate Share of the Net Pension Liability, OPEB Liabilities (Assets) and the Schedules of Board Contributions on pages 50 through 55, respectively, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Moore County Board of Education's basic financial statements. The accompanying budgetary schedules and schedule of expenditures of federal and State awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the State Single Audit Implementation Act are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary schedules and schedule of expenditures of federal and State awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 16, 2023, on our consideration of the Moore County Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Moore County Board of Education's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Moore County Board of Education's internal control over financial reporting and compliance.

MOORE COUNTY BOARD OF EDUCATION MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Moore County Board of Education's (the "Board") financial report represents our discussion and analysis of the financial performance of the Board for the year ended June 30, 2023. This information should be read in conjunction with the audited financial statements included in this report.

Financial Highlights

- For the fiscal year ended June 30, 2023, the Board's total government-wide net position increased by \$17.7 million. Governmental activities net position increased by \$19.0 million and business-type activities net position decreased by \$1.3 million.
- Financial reporting awards were received from the Association of School Business Officials International and the Government Finance Officers Association for the June 30, 2022 year.

Overview of the Financial Statements

The audited financial statements of the Moore County Board of Education consist of five components. They are as follows:

- *Independent Auditor's Report*
- *Management's Discussion and Analysis (required supplementary information)*
- *Basic Financial Statements*
- *Required supplemental section that presents the Schedules of the Board's Proportionate Share of Net Pension and OPEB Liabilities (Assets) and the Schedules of Board Contributions.*
- *Supplementary section that presents budgetary schedules for governmental and enterprise funds.*

The *Basic Financial Statements* include two types of statements that present different views of the Board's finances. The first is the *Government-wide Statements*. The government-wide statements are presented on the full accrual basis of accounting and include the statement of net position and the statement of activities. The statement of net position includes all of the Board's assets, deferred outflows of resources, liabilities and deferred inflows of resources. Assets and liabilities are classified in the order of relative liquidity for assets and due date for liabilities. This statement provides a summary of the Board's investment in assets, deferred outflows of resources, deferred inflows of resources and obligations to creditors. Liquidity and financial flexibility can be evaluated using the information contained in this statement. The statement of activities summarizes the Board's revenues and expenses for the current year. A net (expense) revenue format is used to indicate to what extent each function is self-sufficient.

The second set of statements included in the basic financial statements is the *Fund Financial Statements*, which are presented for the Board's governmental funds and proprietary funds. These statements present the governmental funds on the modified accrual basis of accounting, measuring the near-term inflows and outflows of financial resources and what is available at year-end to spend in the next fiscal year. The proprietary funds are presented on the full accrual basis of accounting. The fund financial statements focus on the Board's most significant funds. Because a different basis of accounting is used in the government-wide statements, reconciliation from the governmental fund financial statements to the government-wide statements is required. The government-wide statements provide information about the Board as an economic unit while the fund financial statements provide information on each of the financial resources of each of the Board's major funds.

Government-wide Statements

The government-wide statements report information about the unit as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the Board's assets, deferred outflows of resources, liabilities and deferred inflows of resources. All of the

MOORE COUNTY BOARD OF EDUCATION MANAGEMENT'S DISCUSSION AND ANALYSIS

current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Board's net position and how it has changed. Net position is the difference between the Board's assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. This is one way to measure the unit's financial health or position.

- Over time, increases or decreases in the Board's net position are an indicator of whether its financial position is improving or deteriorating.
- To assess the Board's overall health, you need to consider additional non-financial factors such as changes in the County's property tax base and the condition of its school buildings and other physical assets.

The unit's activities are divided into two categories in the government-wide statements:

- *Governmental activities:* Most of the Board's basic services are included here, such as regular and special education, transportation, and administration. County funding and State and federal aid finance most of these activities.
- *Business-type activities:* The Board charges fees to help it cover the costs of certain services it provides. School food service is included here.

The government-wide statements are shown as Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements provide more detailed information about the Board's funds, focusing on its most significant or "major" funds - not the unit as a whole. Funds are accounting devices the Board uses to keep track of specific sources of funding and spending on particular programs.

- Some funds are required by State law, such as the State Public School Fund.
- The Board has established other funds to control and manage money for a particular purpose or to show that it is properly using certain revenues, such as in the Federal Grants Fund.

Moore County Board of Education has two types of funds:

Governmental funds: Most of the Board's basic services are included in the governmental funds, which generally focus on two things – 1) how cash and other assets that can readily be converted to cash flow in and out, and 2) the balances left at year-end that are available for spending. As a result of this focus, the governmental funds statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the coming year to finance the Board's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information at the bottom of the governmental fund statements, in the form of a reconciliation, explains the relationship (or differences) between the government-wide and the fund financial statements. The Board has several governmental funds: the General Fund, the State Public School Fund, the Federal Grants Fund, the Restricted Revenues Fund, the Capital Outlay Fund and the Individual Schools Fund. The governmental fund statements are shown as Exhibits 3, 4, 5 and 6 of this report.

Proprietary funds: Services for which the Board charges a fee are generally reported in the proprietary funds. The proprietary fund statements are reported on the same full accrual basis of accounting as the government-wide statements. The Moore County Board of Education has two proprietary funds - both enterprise funds – the School Food Service Fund and the Child Care Fund. The proprietary fund statements are shown as Exhibits 7, 8, and 9 of this report.

Net position is an indicator of the fiscal health of the Board. The net position of the Board's governmental activities increased \$19.0 million during the year, from \$43.8 million at June 30, 2022 to \$62.8 million at June 30, 2023, indicating an improvement in the financial condition of the Board. Restricted net position increased by \$3.0 million while unrestricted net position increased \$18.7 million over the prior year. Net investment in capital assets decreased \$2.7 million during the year due to an excess of depreciation and amortization expense over capital additions. Deferred outflows and inflows of resources relate entirely to the pension and OPEB plans which the Board participates in. The Board is required to record its proportionate share of these items along with its proportionate share of the plan liabilities. See Note 2 of the financial statements for more details regarding these plans.

Net position of the Board's business-type activities decreased \$1.3 million during the year. This decrease is the combined net loss incurred by our school food service and child care operations during the 2023 fiscal year.

Total governmental activities generated revenues of \$156.3 million while expenses in this category totaled \$137.5 million for the year ended June 30, 2023, resulting in an increase in net position of \$19.0 million (including transfers from business-type activities of \$210 thousand). Comparatively, revenues were \$148.0 million, expenses totaled \$134.1 million and transfers in were \$265 thousand for the year ended June 30, 2022, resulting in an increase in net position of \$14.1 million. In comparing the two years, revenues rose \$8.3 million, or 5.6%, while expenses increased \$3.4 million, or 2.5%. Increases in County appropriations and State grants accounted for the majority of the change in revenues.

The Board's primary sources of revenues were funding from the State of North Carolina, Moore County, and the United States Government, which respectively comprised 59.1%, 23.3% and 11.6% of our total revenues. As would be expected, the major component of our expenses was instructional services which accounted for 72.0% of our total expenses during the most recent fiscal year. Of the remaining 28.0% of our total expenses, 21.1% was attributable to system-wide support services.

**MOORE COUNTY BOARD OF EDUCATION
MANAGEMENT’S DISCUSSION AND ANALYSIS**

Our business-type activities generated revenues of \$7.1 million, expenses of \$8.2 million and reported transfers to governmental activities of \$210 thousand for the year ended June 30, 2023. For the year, net position decreased by \$1.3 million. Comparatively, revenues were \$9.0 million, expenses were \$5.8 million and transfers to governmental activities totaled \$265 thousand for the year ended June 30, 2022, resulting in an increase in net position of \$3.0 million. In response to the COVID-19 pandemic, the federal government allowed all students to eat free breakfast and lunch during the 2022 fiscal year. This resulted in a significant increase in revenues from the USDA in 2022 due to the number of free meals the district was able to serve. However, during the 2023 year, the federal government did not provide free meals to all students and the district had to revert back to requiring students complete applications to determine if they qualify for free/reduced meal status. As would be expected with all students not receiving free breakfast and lunch, the district experienced a significant decline in revenues from USDA grants. This decline was partially offset by an increase in revenue from meal sales. The change in expenses was primarily due to increases in salaries and benefit costs. Expenses were also significantly impacted by an increase pension and OPEB expense due to changes in actuarial valuations and allocation percentages.

Financial Analysis of the Board’s Funds

Governmental Funds: The focus of Moore County Board of Education’s governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Board’s financing requirements.

The Board’s governmental funds reported a combined fund balance of \$19.9 million at June 30, 2023, an increase of \$1.5 million over the \$18.3 million reported at June 30, 2022. Revenues were \$157.2 million for the year ended June 30, 2023, compared to \$149.9 million in the prior year, an increase of \$7.3 million, or 4.8%. Expenditures were \$155.6 million for the current year, compared to \$148.9 million in the prior year, an increase of \$6.7 million, or 4.5%.

The Board’s General Fund reported an increase in fund balance of \$108 thousand (including the change in reserve for inventories) during the 2022-2023 year compared to a decrease of \$1.6 million in the 2021-2022 year. Revenues increased by \$5.0 million, or 16.1%, while expenditures reported an increase of \$2.4 million, or 7.2%. Increased appropriations from the County accounted for the majority of the increase in revenues.

The State Public School Fund and Federal Grants Fund do not carry fund balance. All revenues are expended in the year received. Combined revenues in these funds increased \$3.7 million over the prior year. The increase is primarily attributable to the receipt of State grant funding used to help pay for increased instructional services costs.

The following chart summarizes governmental fund expenditures:

Expenditures presented on modified accrual basis of accounting.

**MOORE COUNTY BOARD OF EDUCATION
MANAGEMENT’S DISCUSSION AND ANALYSIS**

Proprietary Funds: The Board’s business-type funds, the School Food Service and Child Care funds, reported a combined decrease in net position of \$1.3 million for the current year compared to a combined increase of \$3.0 million for the year ended June 30, 2022. See the section above *Financial Analysis of the Board as a Whole*, for more detailed discussion regarding School Food Service and Child Care program operating results for the year.

General Fund Budgetary Highlights

Over the course of a year, the Board will revise the budget, as necessary, to account for changes in revenue expectations and program allocations. However, during the year ended June 30, 2023, no significant budget revisions were made in the General Fund as revenue and expenditure expectations remained consistent throughout the year. Due to some State and federal revenue sources being uncertain at the start of the year, the Board budgeted \$1.7 million of fund balance in case it was needed to cover instructional or system-wide support service costs that could not be paid from State or federal funds. The district did not have to use this appropriated fund balance as State and federal sources were sufficient to pay the budgeted expenditures. Variances between actual expenditures and final budget amounts relate to conservative budgeting practices and cost containment strategies.

Capital Assets

Total primary government capital assets were \$213.8 million at June 30, 2023 compared to \$217.4 million at June 30, 2022, a decrease of \$3.5 million. The decrease was attributable to an excess of depreciation and amortization expense over capital additions for the year. More detailed information about the Board’s capital assets is contained in Note 2 to the financial statements.

The following is a summary of the Board’s capital assets, net of depreciation and amortization, at June 30, 2023 and 2022:

Debt Outstanding

During the year, the Board’s long-term debt decreased from \$1.5 million at June 30, 2022 to \$669 thousand at June 30, 2023. The Board is limited by North Carolina General Statutes with regards to the types of debt it can issue and for what purpose that debt can be used. More detailed information about the Board’s outstanding debt is contained in the Note 2 to the financial statements.

Economic Factors

County funding is a major source of income for the Board; therefore, the County's economic outlook directly affects the school district. The following factors have affected the economic outlook of Moore County:

- As of June 30, 2023, Moore County experienced an unemployment rate of 3.7% as compared to an unemployment rate of 4.1% at June 30, 2022. Moore County's unemployment rate is in line with the June 30, 2023 State of N.C. and national unemployment rates which were 3.6% and 3.8%, respectively.
- County commissioners and members of the Board of Education, along with concerned citizens of the county are working diligently to explore ways to increase economic development and improve the education, health and human service standards of the children and citizens in Moore County.

MOORE COUNTY BOARD OF EDUCATION
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2023

Exhibit 5

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds	\$ 1,830,225
Change in fund balance due to change in reserve for inventory	(291,782)
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. This is the amount by which depreciation and amortization expense exceeded capital outlays in the current period.	(3,509,174)
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities	14,197,999
Contributions to the OPEB plan in the current fiscal year are not included on the Statement of Activities	5,710,244
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	
OPEB nonemployer contributions	725,923
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.	838,450
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:	
Pension (expense) benefit	(13,514,725)
OPEB (expense) benefit	12,894,520
Compensated absences	<u>135,792</u>
Total changes in net position of governmental activities	<u>\$ 19,017,472</u>

NONCASH OPERATING AND NONCAPITAL FINANCING ACTIVITIES:

The School Food Service Fund received donated commodities with a value of \$425,978 during the fiscal year. The receipt of these commodities is reflected as a nonoperating revenue on Exhibit 8. The consumption of these commodities is recorded as an operating expense.

The State Public School Fund paid salaries and benefits of \$45,000 to administrative personnel of the School Food Service Fund during the fiscal year. The payment is reflected as a transfer in and an operating expense on Exhibit 8.

School Food Service capital assets with a value of \$44,368 were purchased by the Federal Grants Fund during the year. The value of these assets is reflected as a capital contribution on Exhibit 8.

MOORE COUNTY BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Moore County Board of Education conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The Moore County Board of Education (Board) is a Local Education Agency empowered by State law [Chapter 115C of the North Carolina General Statutes] with the responsibility to oversee and control all activities related to public school education in Moore County, North Carolina. The Board receives State, local, and federal government funding and must adhere to the legal requirements of each funding entity. The Board has no component units.

B. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities display information about the Board. These statements include the financial activities of the overall government. Eliminations have been made to minimize the effect of internal activities upon revenues and expenses. Interfund services provided and used are not eliminated in the process of consolidation. These statements distinguish between the *governmental* and *business-type activities* of the Board. Governmental activities generally are financed through intergovernmental revenues and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Board and for each function of the Board's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Board's funds. Separate statements for each fund category – *governmental and proprietary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Interfund services provided and used are not eliminated in the process of consolidation.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. All expenses are considered to be operating expenses.

The Board reports the following major governmental funds:

General Fund. The General Fund is the general operating fund of the Board. The General Fund accounts for all financial resources except those that are accounted for in another fund.

State Public School Fund. The State Public School Fund includes appropriations from the Department of Public Instruction for the current operating expenditures of the public school system.

MOORE COUNTY BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2023

Federal Grants Fund. The Federal Grants Fund includes appropriations from the U.S. Government for the current operating expenditures of the public school system.

Restricted Revenues Fund. The Restricted Revenues Fund is used to account for revenues from reimbursements, including indirect costs, fees for actual costs, tuition, sales tax refunds, gifts and grants restricted as to use, federal and State grants restricted as to use, federal and State appropriations made directly to local school administrative units, funds received for prekindergarten programs and special programs.

Capital Outlay Fund. The Capital Outlay Fund accounts for financial resources to be used for the acquisition and construction of major capital facilities (other than those financed by proprietary funds and trust funds). It is mandated by State law [G.S.115C-426]. Capital projects are funded by Moore County appropriations, restricted sales tax moneys, proceeds of county debt issued for public school construction, lottery proceeds as well as certain State assistance.

Individual Schools Fund. The Individual Schools Fund includes revenues and expenditures of the activity funds of the individual schools. The primary revenue sources include funds held on the behalf of various clubs and organizations, receipts from athletic events, and proceeds from various fundraising activities. The primary expenditures are for athletic teams, club programs, activity buses and instructional needs.

The Board reports the following major enterprise funds:

School Food Service Fund. The School Food Service Fund is used to account for the food service program within the school system.

Child Care Fund. The Child Care Fund is used to account for the afterschool care program at the elementary schools within the school system. The costs associated with these programs are recovered by user charges.

C. Measurement Focus and Basis of Accounting

Government-wide and Proprietary Fund Financial Statements. The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Board gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants and donations. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Board considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. These could include federal, State, and county grants, and some charges for services. Expenditures are recorded when the related fund liability is incurred, except for claims and judgments and compensated absences which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Acquisitions under leases qualifying as other than short-term are reported as other financing sources.

Under the terms of grant agreements, the Board funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the Board's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

MOORE COUNTY BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2023

D. Budgetary Data

The Board's budgets are adopted as required by the North Carolina General Statutes. Annual budgets are adopted for all funds, except for the individual schools special revenue fund, as required by the North Carolina General Statutes. No budget is required by State law for individual school funds. All appropriations lapse at the fiscal year-end. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the purpose level for all annually budgeted funds. Any revisions that alter the total expenditures of any fund or require a transfer between purpose codes within a fund must be approved by the Board of Education prior to any expenditures being made. All amendments must be approved by the Board of Education. The Board has authorized the Superintendent and Finance Office to transfer appropriations within a fund under the following conditions:

- a. Amounts may be transferred within a purpose code within a fund with proper justification.
- b. Amounts may not be transferred between from any contingency appropriation within a fund without Board of Education approval.
- c. Amounts may not be transferred between the General Fund and the Capital Outlay Fund without the approval of the Board of Education and the County Commissioners.
- d. Local Current Expense Fund balance shall be a minimum of \$2.0 million unappropriated, with a maximum of \$4.0 million unappropriated.

During the year, several amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

E. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Fund Equity

1. Deposits and Investments

All deposits of the Board are made in board-designated official depositories and are secured as required by State law [G.S. 115C-444]. The Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit. The Board also has money credited in its name with the State Treasurer and may issue State warrants against these funds.

State law [G.S. 115C-443] authorizes the Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; the North Carolina Capital Management Trust (NCCMT), an SEC-registered (2a-7) money market mutual fund; and the North Carolina State Treasurer's Short Term Investment Fund (STIF). The STIF is managed by the staff of the Department of State Treasurer and operated in accordance with State laws and regulations. It is not registered with the SEC. It consists of an internal portion and an external portion in which the Board participates. Investments are restricted to those enumerated in G.S. 147-69.1.

The Board's investments are reported at amortized cost or at fair value determined by either quoted market prices or a matrix pricing model. Bank deposits are measured at amortized cost. The NCCMT is reported at fair value. Ownership interest of the STIF is determined on a fair market valuation basis as of fiscal year end in accordance with the STIF operating procedures. Valuation of the underlying assets is performed by the custodian. Under the authority of G.S. 147-69.3, no unrealized gains or losses of the STIF are distributed to external participants of the fund.

**MOORE COUNTY BOARD OF EDUCATION
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 For the Fiscal Year Ended June 30, 2023**

2. Cash and Cash Equivalents

The Board pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments with original maturities of three months or less are essentially demand deposits and are considered cash and cash equivalents.

3. Inventories

The inventories of the Board are valued at cost and the Board uses the first-in, first-out (FIFO) flow assumption in determining cost. The inventories of the Board’s General Fund consist of expendable materials and supplies which are recorded as expenditures when purchased. The General Fund inventories do not reflect current appropriable resources and, thus, an equivalent portion of fund balance is classified as nonspendable. Proprietary Fund inventories consist of food and supplies and are recorded as expenses when consumed.

4. Capital Assets

Donated assets received prior to June 30, 2015 are recorded at their estimated fair value at the date of donation or forfeiture. Donated capital assets received after June 30, 2015 are recorded at acquisition value. All other capital assets are recorded at original cost. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets. Certain items acquired before July 1, 1990 are recorded at an estimated original historical cost. The total of these estimates is not considered large enough that any errors would be material when capital assets are considered as a whole.

For capital assets utilized in governmental activities having an estimated useful life of two or more years, it is the policy of the Board to capitalize infrastructure costing more than \$100,000, buildings costing more than \$20,000 and all other capital assets costing more than \$5,000. For capital assets utilized in business-type activities, the Board’s policy is to capitalize those assets costing more than \$1,000 with an estimated useful life of two or more years. The cost of normal repairs and maintenance that do not add to the value of the asset or materially extend asset lives is not capitalized.

Moore County holds title to certain properties, which are reflected as capital assets in the financial statements of the Board. The properties have been deeded to the County to permit installment purchase financing of acquisition and construction costs and to permit the County to receive refunds of sales tax paid for construction costs. Agreements between the County and the Board gives the schools full use of the facilities, full responsibility for maintenance of the facilities, and provides that the County will convey title of the property back to the Board, once all restrictions of the financing agreements and all sales tax reimbursement requirements have been met.

The Board’s capital assets also include certain right to use lease assets as a result of implementing GASB 87. The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The right to use assets are amortized on a straight-line basis over the life of the related lease.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Buildings and improvements	15 - 50
Equipment and furniture	5 - 12
Vehicles	6
Computer equipment	3

MOORE COUNTY BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2023

Depreciation for buildings and equipment that serve multiple purposes cannot be allocated ratably and is therefore reported as “unallocated depreciation” on the Statement of Activities.

5. Deferred outflows and inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The Board has two items that meet this criterion – pension and other post-employment benefit-related deferrals. The statement of financial position also reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Board has two items that meet this criterion – pension and other post-employment benefit-related deferrals.

6. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities.

7. Compensated Absences

The Board follows the State’s policy for vacation and sick leave. Employees may accumulate up to thirty (30) days earned vacation leave with such leave being fully vested when earned. For the Board, the current portion of the accumulated vacation pay is not considered to be material. The Board’s liability for accumulated earned vacation and the salary-related payments as of June 30, 2023 is recorded in the government-wide and proprietary fund financial statements on a FIFO basis. An estimate has been made based on prior years’ records of the current portion of compensated absences.

The sick leave policy of the Board provides for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the Board has no obligation for accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

8. Net Position/Fund Balances

Net Position

Net position in the government-wide and proprietary fund financial statements is classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments, or imposed by law through State statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of three classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Restricted fund balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State statute – North Carolina G.S. 115C-425(a) prohibits boards of education from budgeting or spending a portion of their fund balance. Restricted by State statute

MOORE COUNTY BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2023

(RSS) is calculated at the end of each fiscal year. The amount of fund balance not available for appropriation is what is known as “restricted by State statute”. Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget year. RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding encumbrances are included within RSS.

Restricted for school capital outlay - portion of fund balance that can only be used for school capital outlay. [G.S. 159-18 through 22]

Restricted for instructional services – grant and other revenues restricted for expenditure for various instructional services, as allowable by the funding source.

Restricted for individual schools – revenue sources restricted for expenditures for the various clubs and organizations, athletic events, and various fundraising activities for which they were collected.

Assigned fund balance – portion of fund balance that the Board of Education intends to use for specific purposes. The assignment of fund balance is governed by NC General Statutes. The Board of Education is authorized to approve appropriations of fund balance in accordance with restrictions established by NC General Statutes.

Subsequent year's expenditures – portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted. The Board of Education approves the appropriation.

Special revenues – portion of fund balance that represents the residual amount of revenues from certain grants, reimbursements, indirect costs and other financial resources in excess of related expenditures that will be used for instructional services, system-wide support services, ancillary services or non-programmed charges, as determined by the Board of Education.

Unassigned fund balance – the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds. A negative unassigned fund balance may be reported in other governmental funds if expenditures incurred for specific purposes exceeded the amounts restricted, committed or assigned to those purposes.

The Board does not have a formal revenue spending policy. However, it is the Board's practice to use resources in the following hierarchy: debt proceeds, federal funds, State funds, local non-Board funds and Board funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and lastly unassigned fund balance.

9. Reconciliation of Government-wide and Fund Financial Statements

a. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between *fund balance - total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. The net adjustment of \$42,911,623 consists of several elements as follows:

<u>Description</u>	<u>Amount</u>
Capital assets used in governmental activities are not financial resources and are therefore not reported in the funds (total capital assets at historical cost on government-wide statement in governmental activities column)	\$ 310,114,873
Less accumulated depreciation and amortization	<u>(97,295,262)</u>
Net capital assets	<u>212,819,611</u>
Deferred outflows of resources related to pensions	42,693,924
Deferred outflows of resources related to OPEB	15,794,627
Liabilities that, because they are not due and payable in the current period, do not require current resources to pay and are therefore not recorded in the fund statements:	
Installment purchases	(167,694)
Lease liabilities	(501,413)
Compensated absences	(7,552,311)
Net pension liability	(69,216,891)
Net OPEB liability	(95,621,289)
Deferred inflows of resources related to pensions	(2,361,017)
Deferred inflows of resources related to OPEB	<u>(52,975,924)</u>
Total adjustment	<u>\$ 42,911,623</u>

b. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances - total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. There are several elements of that total adjustment of \$17,479,029 as follows:

Description	Amount
Capital outlay expenditures recorded in the fund statements but capitalized as assets in the statement of activities	\$ 4,107,918
Depreciation expense for capital assets, the allocation of those assets over their useful lives, that is recorded on the statement of activities but not in the fund statements	(7,034,297)
Amortization expense for intangible capital assets, the allocation of those assets over their useful lives, that is recorded in the statement of activities but not in the fund statements	(582,795)
Principal payments on debt owed and lease liabilities are recorded as a use of funds on the fund statements but affect only the statement of net position on the government-wide statements	838,450
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities	14,197,999
Contributions to the OPEB plans in the current fiscal year are not included on the Statement of Activities	5,710,244
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	
OPEB nonemployer contributions	725,923
Expenses reported in the Statement of Activities that do not require the use of current resources to pay are not recorded as expenditures in the funds	
Pension (expense) benefit	(13,514,725)
OPEB (expense) benefit	12,894,520
Compensated absences are accrued in the government-wide statements but not in the fund statements because they do not use current resources	135,792
Total adjustment	<u>\$ 17,479,029</u>

10. Defined Benefit Pension Plans

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers' and State Employees' Retirement System (TSERS), the Retiree Health Benefit Fund (RHBF), and the Disability Income Plan of NC (DIPNC) and additions to/deductions from TSERS, RHBF, and DIPNC's fiduciary net position have been determined on the same basis as they are reported by TSERS, RHBF, and DIPNC. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The Board's employer contributions are recognized when due and the Board has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of TSERS, RHBF, and DIPNC. Investments are reported at fair value.

NOTE 2 - DETAIL NOTES ON ALL FUNDS

A. Assets

1. Deposits

All of the Board's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the Board's agents in the unit's name. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Board, these deposits are considered to be held by the agent in the entity's name. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Board or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the Board under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Board has no policy regarding custodial credit risk for deposits.

At June 30, 2023, the Board had deposits with banks and savings and loans with a carrying amount of \$16,118,993, a carrying amount with the State Treasurer in the General Fund of \$2,483,353 and a bank overdraft with the State Treasurer in the Federal Grants Fund of \$236. The Board also reported a bank overdraft in the Child Care Fund of \$30,475. The bank balances with the financial institutions and the State Treasurer were \$16,210,368 and \$3,358,984, respectively. Of these balances, \$2,185,169 was covered by federal depository insurance and \$17,384,183 was covered by collateral held by authorized escrow agents in the name of the State Treasurer. At June 30, 2023, the Board's petty cash totaled \$118.

2. Investments

At June 30, 2023, the Board had \$7,921,199 invested with the State Treasurer in the Short Term Investment Fund (STIF). The STIF is unrated and had a weighted average maturity of 1.3 years at June 30, 2023. The Board has no investment balances in the NCCMT as of June 30, 2023. The Board has no policy for managing interest rate, credit, concentration or foreign currency risks. All investments are measured using the market approach. The STIF is classified in Level 2 of the fair value hierarchy and valued using prices that are either directly or indirectly observable for an asset or liability.

5. Construction and Other Significant Commitments

As of June 30, 2023, the Board had several capital projects in progress throughout the district. At year-end, the Board’s commitments with contractors for the remaining portion of the contracts related to these projects totaled approximately \$298 thousand.

B. Liabilities

1. Pension Plan and Other Postemployment Obligations

a. Teachers’ and State Employees’ Retirement System

Plan Description. The Board is a participating employer in the statewide Teachers’ and State Employees’ Retirement System (TSERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. TSERS membership is comprised of employees of the State (state agencies and institutions), universities, community colleges, and certain proprietary component units along with the employees of Local Education Agencies and charter schools. Article 1 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the TSERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Teachers’ and State Employees’ Retirement System is included in the Annual Comprehensive Financial Report (ACFR) for the State of North Carolina. The State’s ACFR includes financial statements and required supplementary information for TSERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. TSERS provides retirement and survivor benefits. Retirement benefits are determined as 1.82% of the member’s average final compensation times the member’s years of creditable service. A member’s average final compensation is calculated as the average of a member’s four highest consecutive years of compensation. General employee plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. General employee plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service. Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor’s Alternate Benefit for life or a return of the member’s contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

TSERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in

active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 135-8 and may be amended only by the North Carolina General Assembly. Board employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the TSERS Board of Trustees. The Board's contractually required contribution rate for the year ended June 30, 2023 was 17.38% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the Board were \$14,588,278 for the year ended June 30, 2023.

Refunds of Contributions – Board employees who have terminated service as a contributing member of TSERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60-day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by TSERS.

At June 30, 2023, the Board reported a liability of \$71,119,552 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2021. The total pension liability was then rolled forward to the measurement date of June 30, 2022 utilizing update procedures incorporating the actuarial assumptions. The Board's proportion of the net pension liability was based on a projection of the Board's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating TSERS employers, actuarially determined. At June 30, 2022 and 2021, the Board's proportion was 0.4792% and 0.4797%, respectively.

For the year ended June 30, 2023, the Board recognized pension expense of \$14,133,767. At June 30, 2023, the Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 309,659	\$ 969,370
Changes of assumptions	5,611,062	-
Net difference between projected and actual earnings on pension plan investments	23,358,512	-
Changes in proportion and differences between Board contributions and proportionate share of contributions	-	1,456,548
Board contributions subsequent to the measurement date	14,588,278	-
Total	<u>\$ 43,867,511</u>	<u>\$ 2,425,918</u>

\$14,588,278 reported as deferred outflows of resources related to pensions resulting from Board contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources related to pensions will be recognized in pension expense as follows:

MOORE COUNTY BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2023

Year ended June 30:

2024	\$ 6,849,958
2025	6,398,901
2026	2,407,044
2027	<u>11,197,412</u>
Total	<u>\$ 26,853,315</u>

Actuarial Assumptions. The total pension liability in the December 31, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 percent
Salary increases	3.25 to 8.05 percent, including inflation and productivity factor
Investment rate of return	6.50 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2021 valuation were based on the results of an actuarial experience study prepared as of December 31, 2019 and adopted by the Board of Trustees on January 28, 2021.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2022 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed Income	33.0%	0.9%
Global Equity	38.0%	6.5%
Real Estate	8.0%	5.9%
Alternatives	8.0%	8.2%
Credit	7.0%	5.0%
Inflation Protection	6.0%	2.7%
Total	<u>100%</u>	

**MOORE COUNTY BOARD OF EDUCATION
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 For the Fiscal Year Ended June 30, 2023**

The information above is based on 30-year expectations developed with the consulting actuary for the 2017 asset liability and investment policy study for the North Carolina Retirement Systems, including TSERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rates used to measure the total pension liability reported at June 30, 2023 and 2022 was 6.50% for both years. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Board's proportionate share of the net pension asset to changes in the discount rate. The following presents the Board's proportionate share of the net pension liability calculated using the discount rate of 6.50 percent, as well as what the Board's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.50 percent) or 1-percentage-point higher (7.50 percent) than the current rate:

	1% Decrease (5.50%)	Discount Rate (6.50%)	1% Increase (7.50%)
Board's proportionate share of the net pension liability (asset)	\$ 125,742,991	\$ 71,119,552	\$ 26,032,271

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Annual Comprehensive Financial Report (ACFR) for the State of North Carolina.

b. Other Postemployment Benefits

1. Healthcare Benefits

Plan description. The Retiree Health Benefit Fund (RHBF) has been established as a fund to provide health benefits to retired and disabled employees and their applicable beneficiaries. RHBF is established in Chapter 135, Article 1 of the General Statutes. It is a cost-sharing, multiple-employer, defined benefit healthcare plan, exclusively for the benefit of former employees of the State, the University of North Carolina System, and community colleges. In addition, LEAs, charter schools, and some select local governments also participate.

Management of the plan is vested in the State Health Plan Board of Trustees, which consists of 13 members – eight appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer the State Superintendent and the Director of the Office of State Human Resources who serve as ex-officio members. RHBF is supported by a percent of payroll contribution from participating employing units. Each year the percentage is set in legislation, as are the maximum per retiree contributions from RHBF to the State Health Plan. The State Treasurer, with the approval of the State Health Plan Board of Trustees, then sets the employer contributions (subject to the legislative cap) and the premiums to be paid by retirees, as well as the health benefits to be provided through the State Health Plan.

The financial statements and other required disclosures for the plan are presented in the State of North Carolina's ACFR, which can be found at <https://www.osc.nc.gov/public-information/reports>.

MOORE COUNTY BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2023

Benefits provided. Plan benefits received by retired employees and disabled employees from RHBF are OPEB. The healthcare benefits for retired and disabled employees who are not eligible for Medicare are the same as for active employees. The plan options change when former employees become eligible for Medicare. Medicare retirees have the option of selecting one of two fully-insured Medicare Advantage/Prescription Drug Plan (MA-PDP) options of the self-funded Traditional 70/30 preferred Provider Organization plan option that is also offered to non-Medicare members. If the Traditional 70/30 Plan is selected by a Medicare retiree, the self-funded State Health Plan coverage is secondary to Medicare.

Those former employees who are eligible to receive medical benefits from RHBF are long-term disability beneficiaries of the Disability Income Plan of North Carolina (DIPNC) and retirees of the TSERS, the Consolidated Judicial Retirement System (CJRS), the Legislative Retirement System (LRS), the University Employees' Optional Retirement Program (ORP), and a small number of local governments, with five or more years of contributory membership service in their retirement system prior to disability or retirement, with the following exceptions: for employees first hired on or after October 1, 2006, and members of the General Assembly first taking office on or after February 1, 2007, future coverage as retired employees and retired members of the General Assembly is subject to the requirement that the future retiree have 20 or more years of retirement service credit in order to receive coverage on a noncontributory basis. Employees first hired on or after October 1, 2006 and members of the General Assembly first taking office on or after February 1, 2007 with 10 but less than 20 years of retirement service credit are eligible for coverage on a partially contributory basis. For such future retirees, the State will pay 50% of the State Health Plan's noncontributory premium.

Section 35.21 (c) and (d) of Session Law 2017-57 repeals retiree medical benefits for employees first hired January 1, 2021. The new legislation amends Article 3B of Chapter 135 of the General Statutes to require that retirees must earn contributory retirement service in TSERS (or in an allowed local system unit), CJRS, or LRS prior to January 1, 2021, and not withdraw that service, in order to be eligible for retiree medical benefits under the amended law. Consequently, members first hired on and after January 1, 2021 will not be eligible to receive retiree medical benefits.

RHBF's benefit and contribution provisions are established by Chapter 135, Article 1 and Chapter 135, Article 3B of the General Statutes and may be amended only by the North Carolina General Assembly. RHBF does not provide for automatic post-retirement benefit increases.

Contributions. By General Statute, accumulated contributions from employers to RHBF and any earnings on those contributions shall be used to provide health benefits to retired and disabled employees and their applicable beneficiaries. By statute, contributions to RHBF are irrevocable. Also, by law, fund assets are dedicated to providing benefits to retired and disabled employees and their applicable beneficiaries and are not subject to the claims of creditors of the employers making contributions to RHBF. However, RHBF assets may be used for reasonable expenses to administer the RHBF, including costs to conduct required actuarial valuations of state-supported retired employees' health benefits. Contribution rates to RHBF, which are intended to finance benefits and administrative expenses on a pay-as-you-go basis are determined by the General Assembly in the Appropriations Bill. For the year ended June 30, 2023, the Board contributed 6.89% of covered payroll, which amounted to \$5,783,270 for the entire fiscal year. During the current fiscal year, the plan also recognized a one-time transfer of excess funding from the Public Employees Health Benefits Fund totaling \$180.5 million, which was isolated from the OPEB expense and allocated to participating employers as a separate revenue item. The Board's proportionate share of this allocation totaled \$745,877.

At June 30, 2023, the Board reported a liability of \$98,125,157 for its proportionate share of the net RHBF OPEB liability. The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2021. The total OPEB liability was then rolled forward to the measurement date of June 30, 2022 utilizing update procedures incorporating the actuarial assumptions. The Board's proportion of the net OPEB

liability was based on a projection of the Board’s present value of future salary, actuarially determined. At June 30, 2022 and 2021, the Board’s proportion was 0.4132% and 0.4178%, respectively.

\$5,783,270 reported as deferred outflows of resources related to OPEB resulting from Board contributions subsequent to the measurement date will be recognized as a decrease of the net OPEB liability in the year ending June 30, 2024. Other amounts reported as deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year ended June 30:</u>	
2024	\$ 15,931,933

Discount rate. The discount rates used to measure the total OPEB liability for the RHBF at June 30, 2023 and 2022 were 3.54% and 2.16%, respectively. The projection of cash flow used to determine the discount rate assumed that contributions from employers would be made at the current statutorily determined contribution rate. Based on the above assumptions, the plan’s fiduciary net position was not projected to be available to make projected future benefit payments of current plan members. As a result, a municipal bond rate of 3.54% was used as the discount rate used to measure the total OPEB liability. The 3.54% rate is based on the Bond Buyer 20-year General Obligation Index as of June 30, 2022.

Sensitivity of the Board’s proportionate share of the net OPEB liability to changes in the discount rate. The following presents the Board’s proportionate share of the net OPEB liability, as well as what the District’s proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.54 percent) or 1-percentage point higher (4.54 percent) than the current discount rate:

	1% decrease (2.54%)	Discount Rate (3.54%)	1% Increase (4.54%)

2. Disability Benefits

Plan description. Short-term and long-term disability benefits are provided through the Disability Income Plan of North Carolina (DIPNC), a cost-sharing, multiple-employer defined benefit plan, to the eligible members of TSERS which includes employees of the State, the University of North Carolina System, community colleges, certain Local Education Agencies, and ORP.

Management of the plan is vested in the State Health Plan Board of Trustees, which consists of 13 members – eight appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer the State Superintendent and the Director of the Office of State Human Resources who serve as ex-officio members. The financial statements and other required disclosures for the plan are presented in the State of North Carolina's ACFR, which can be found at <https://www.osc.nc.gov/public-information/reports>.

Benefits Provided. Long-term disability benefits are payable as an OPEB from DIPNC after the conclusion of the short-term disability period or after salary continuation payments cease, whichever is later, for as long as an employee is disabled. An employee is eligible to receive long-term disability benefits provide the following requirements are met: (1) the employee has five or more years of contributing membership service in TSERS or ORP, earned within 96 months prior to the end of the short-term disability period or cessation of salary continuation payments, whichever is later; (2) the employee must make application to receive long-term benefits within 180 days after the conclusion of the short-term disability period or after salary continuation payments cease or after monthly payments for Workers' Compensation cease (excluding monthly payments for permanent partial benefits), whichever is later; (3) the employee must be certified by the Medical Board to be mentally or physically disabled for the further performance of his/her usual occupation; (4) the disability must have been continuous, likely to be permanent, and incurred at the time of active employment; (5) the employee must not be eligible to receive an unreduced retirement benefit from TSERS after (1) reaching the age of 65 and completing 5 years of membership service, or (2) reaching the age of 60 and completing 25 years of creditable service, or (3) completing 30 years of service at any age.

Contributions. Benefit and contribution provisions are established by Chapter 135, Article 6, of the General Statutes and may be amended only by the North Carolina General Assembly. The plan does not provide for automatic post-retirement benefit increases. Disability income benefits are funded by

actuarially determined employer contributions that are established in the Appropriations Bill by the General Assembly and coincide with the State fiscal year. For the fiscal year ended June 30, 2023, employers made a statutory contribution of 0.10% of covered payroll which was equal to the actuarially required contribution. Board contributions to the plan were \$83,937 for the year ended June 30, 2023. The contributions cannot be separated between the amounts that relate to other postemployment benefits and employment benefits for active employees. Those individuals who are receiving extended short-term disability benefit payments cannot be separated from the number of members currently eligible to receive disability benefits as an other postemployment benefit.

At June 30, 2023, the Board reported a liability of \$124,608 for its proportionate share of the net DIPNC OPEB liability. The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2021. The total OPEB liability was then rolled forward to the measurement date of June 30, 2022 utilizing update procedures incorporating the actuarial assumptions. The Board's proportion of the net OPEB liability was based on a projection of the Board's present value of future salary, actuarially determined. At June 30, 2022 and 2021, the Board's proportion was 0.4189% and 0.4244%, respectively.

\$83,937 reported as deferred outflows of resources related to OPEB resulting from Board contributions subsequent to the measurement date will be recognized as an increase of the net OPEB liability in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Common actuarial assumptions for both OPEB plans. The total OPEB liability was determined by an actuarial valuation performed as of December 31, 2021 using the following actuarial assumptions, applied to all periods in the measurement, unless otherwise specified. The total OPEB liability was calculated through the use of update procedures to roll forward from the actuarial valuation date to the measurement

date of June 30, 2022. The update procedures incorporated the actuarial assumptions used in the valuation. The entry age normal cost method was utilized.

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. teacher, general, law enforcement officer), and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions were based on the results of an actuarial experience review for the period January 1, 2015 through December 31, 2019.

DIPNC is primarily invested in the Bond Index Investment Pool as of June 30, 2022. The long-term expected rate of return was determined based on the combination of expected future real rates of return and expected inflation. The long-term expected real rate of return for the Bond Index Investment Pool as of June 30, 2022 is 1.2%.

5. Risk Management

The Board is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board participates in the North Carolina School Boards Trust (the Trust), a member funded risk management program administered by the North Carolina School Boards Association. Through the Trust, the Board maintains general liability and errors and omissions coverage of \$1,000,000 each claim made / \$3,150,000 coverage period aggregate. The Trust is reinsured through commercial companies for losses in excess of \$150,000 per claim for errors and omissions and general liability coverage.

Statutory workers' compensation coverage is purchased through a private insurer for employees to the extent they are paid from Federal and local funds. Workers' compensation coverage is provided by the State of North Carolina through a self-insured fund, to the extent employees are paid from State funds.

The Board also participates in the State Public Education Property Insurance Fund (the Fund), a voluntary, self-insured risk control and risk financing fund administered by the North Carolina Department of Insurance. The Fund insures the tangible property assets of the Board. Coverage is provided on an "all risk" perils contract. Buildings and contents are insured on a replacement cost basis. The Fund purchases excess reinsurance to protect the assets of the Fund in the event of a catastrophic event. The Fund maintains a self-insured retention of \$10 million. Excess reinsurance is purchased through commercial insurers. A limit of \$5 million per occurrence is provided on flood, earthquake, business interruption and extra expense. \$10 million per occurrence is provided on increased cost of construction.

The Board also participates in the Teachers' and State Employees' Comprehensive Major Medical Plan, a self-funded risk financing pool of the State administered by Blue Cross and Blue Shield of North Carolina. Through the Plan, permanent full-time employees of the Board are eligible to receive health care benefits.

**MOORE COUNTY BOARD OF EDUCATION
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 For the Fiscal Year Ended June 30, 2023**

The Board pays most of the cost of coverage for employees enrolled in the Comprehensive Major Medical Plan.

In accordance with G.S. 115C-442, the Board’s employees who have custody of the Board’s monies at any given time are performance bonded through a commercial surety bond. The finance officer is bonded for \$100,000. The remaining employees that have access to funds are bonded under a blanket bond for \$20,000.

The Board does not carry supplemental flood insurance in case of natural disasters since there are no Board-owned properties in flood zones.

The Board carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year, and claims have not exceeded coverage in any of the past three fiscal years.

6. Contingent Liabilities

As of the date of our report, the Board was a defendant to several outstanding lawsuits. The Board’s management and the Board’s attorneys have been unable to determine the amount of loss, if any, the Board might incur as a result of these legal matters.

7. Long-Term Obligations

a. Leases

The Board has entered into six agreements to lease certain equipment. The lease agreements qualify as other than short-term leases under GASB 87 and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of their inception.

The agreements were executed before July 1, 2021, range in terms from 36 to 60 months, and require monthly or annual payments in accordance with the respective contract. There are no variable payment components of the leases. The lease liability was measured using discount rates ranging from 2.7% to 4.86%. As a result of the leases, the Board has recorded right to use assets with a net book value of \$493,204 on June 30, 2023. The right to use assets are discussed in more detail in Note 1.

The following is a schedule of the future minimum lease payments and the net present value of the minimum lease payments as of June 30, 2023:

<u>Year Ending June 30:</u>	<u>Principal Payments</u>	<u>Interest Payments</u>	<u>Total</u>
2024	<u>\$ 501,413</u>	<u>\$ 13,467</u>	<u>\$ 514,880</u>

b. Direct Placement Installment Purchases

The Board is authorized to finance the purchase of school buses under G.S. 115C-528(a). Session law 2003-284, section 7.25 authorized the State Board of Education to allot moneys for the payments on financing contracts entered into pursuant to G.S. 115C-528. The State has accepted the bid to purchase Thomas Built Buses through special third-party direct placement financing arrangements. During prior fiscal years, the Board entered into several such contracts for the purchase of school buses. The buses are pledged as collateral for the debt while the debt is outstanding. The original amount of the outstanding installment purchase contracts totaled \$670,773 at year end. The contracts each require four equal principal-only payments with the first payment due within ten days of receipt of the buses and the following three payments due on each of the three subsequent November 15th dates.

NOTE 4 - SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

Federal and State Assisted Programs

The Board has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

INDEPENDENT AUDITOR'S REPORT

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance
with *Government Auditing Standards*

To the Moore County Board of Education
Carthage, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Moore County Board of Education, North Carolina, as of and for the year ended June 30, 2023, and the related notes to the basic financial statements, which collectively comprises the Moore County Board of Education, North Carolina's basic financial statements and have issued our report thereon dated November 16, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Moore County Board of Education's internal control over financial reporting (internal control) as a basis for determining audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Moore County Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT

Report On Compliance for Each Major Federal Program and Report on
Internal Control Over Compliance Required by the Uniform Guidance and the State Single Audit
Implementation Act

To the Moore County Board of Education
Carthage, North Carolina

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Moore County Board of Education, North Carolina's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the Board's major federal programs for the year ended June 30, 2023. The Moore County Board of Education's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Moore County Board of Education complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Single Audit Implementation Act. Our responsibilities under those standards, the Uniform Guidance and the State Single Audit Implementation Act are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report. We are required to be independent of Moore County Board of Education and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provides a reasonable basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Moore County Board of Education's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Moore County Board of Education's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Moore County Board of Education's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and the State Single

Audit Implementation Act will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Moore County Board of Education's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and the State Single Audit Implementation Act, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Moore County Board of Education's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Moore County Board of Education's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the State Single Audit Implementation Act, but not for the purpose of expressing an opinion on the effectiveness of Moore County Board of Education's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the State Single Audit Implementation Act. Accordingly, this report is not suitable for any other purpose.

Notes to the Schedule of Expenditures of Federal and State Awards:

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of Moore County Board of Education under the programs of the federal government and the State of North Carolina for the year ended June 30, 2023. The information in this SEFSA is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of Moore County Board of Education, it is not intended to and does not present the financial position, changes in net assets or cash flows of Moore County Board of Education.

Note 2. Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Moore County Board of Education has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.
