# Investment and Impact 

Superintendent's Proposed Budget 2014-15

## muestment <br> Impact! <br> $\bar{n}$

## Investment: Literacy

- Instructional Coaches
- Literacy Framework
- Research-based Reading Program for all Elementary Students
- Leveled Literacy Intervention (LLI)
- Data Informed Decision-Making

## Investment: Student Support

- Moore Success
- On-line Course Options
- Career and College Promise - SCC Partnership
- Exceptional Children Support
- English Language Learners Support
- Academically Gifted Student Support

## Investment: Staff Support

- Beginning teacher and mentor support
- MCS STEM Infusion
- Skillful Observation and Coaching Laboratory for Principals and Assistant Principals
- Summer Teacher Academy
- Professional Development: STEM Infusion, Digital Learning, Growing Great Classrooms

## Investment: Digital Learning

- Investment in Devices
- Investment in People
$\checkmark$ DIFs - Job Embedded Professional Development for Digital Learning

## Investment: Digital Learning

A four-year process to ensure our students are successful on whatever pathway they choose!

## Investment: Digital Learning

## Phase I:

## 1,648 devices

## Phase II: <br> 3,400 devices

Phase III:
3,611 devices
Phase IV: 4,050 devices

## Impact: Instructional Coaches

"The instructional coach at my school has impacted my teaching in many positive ways. Each day we debriefed on the day's lesson and were able to communicate strengths and areas that needed improvement. As a result, I have been more successful with implementing the gradual release model when introducing and teaching the literacy standards while implementing best teaching practices."

- Kim Mabe, $3^{\text {rd }}$ Grade Teacher

## Impact: Literacy Framework

"Through grade level planning and PLCs, our instructional coach constantly works in collaboration with grade levels to ensure success of the 90-minute literacy framework which allows time for whole group instruction, small guided group instruction, and time to practice the strategies independently. This helps to instill learning, and my students realize then can be successful! When we ALL learn together, we ALL succeed together!

- Dana Wyckoff, $4^{\text {th }}$ Grade Teacher

## Impact: Reading Intervention

"I learned how to read better. My LLI teacher taught me how to do syllables and sound out words when I couldn't figure them out. I can now do that in my class."

- Jacob, $3^{\text {rd }}$ Grader
"I like LLI because it is fun. It feels so good to read. Some of the books are funny and some teach you about stuff. You learn more in the books and then it helps me when I take a test in my classroom."
- Abigail, $3^{\text {rd }}$ Grader

## Impact: Data Informed Decisions

## mClass -Test of Reading Comprehension (TRC) Data

Using data at my school allows teachers to "drill down" to the individual student and also helps them personalize instruction for all of our students. We have seen dramatic gains in the literacy growth of our students as a result.

- Dale Buie, Principal, Cameron Elementary School

## Impact: Moore Success

"It's challenging. Feels good to know you're in higher level, engaging classes."
-Student, PHS
"It gives us insight on what college courses are like."
-Student, PHS

MOORE COUNTY SCHOOLS
Growing to Greatness

## Impact: Online Learning

"The online learning experience is extremely beneficial. It is a large challenge to handle multiple classes at once, but good time management solves that problem easily. Online classes are a benefit to my educational process."

-Student, WPMS

## Impact: Exceptional Children

|  | $2012-13$ <br> Mid-year | 2012-13 <br> End of year | 2013-14 <br> Mid-year |
| :--- | :--- | :--- | :--- |
| IEP hours <br> per week | 13,737 | 14,187 | 15,286 |

## Met Students with Disabilities sub-group target for 12 of 14 schools

## Impact: English Language Learners

Annually, LEP students must meet the three components of the Title III targets as set by DPI:

- English Proficiency
- English Growth
- EOG/EOC

For the past four years, MCS LEP students have met all three components. This is a result of adequate ESL staffing, ongoing professional development, and increased collaboration between ESL and classroom teachers.

## Impact: Teacher Support

"One of the many things that brought me to teach for Moore County Schools was their commitment to furthering the education and effectiveness of educators through top-quality professional development. I truly believe these opportunities have greatly increased my effectiveness in the classroom and I hope to see MCS continue training teachers in the future".

Ashley Smith

Beginning Teacher, Southern Pines Primary

## Impact: Digital Learning

## "We are currently preparing students

 for jobs that don't yet exist, using technologies that haven't been invented yet, in order to solve problems we don't even know are problems yet." -Karl Fisch
## Impact: Digital Learning

"Technology has transformed classwork to be more informative and interactive with my teacher through email, Google Drive, and Edmodo. I get a response very quickly" - Sharon, New Century Middle

"We are not just doing things from paper or the board. We have interaction. It has helped my learning experience through projects and typing. When we are absent, we can just easily go to the website for the information."
-Tyler, Crain's Creek Middle
"After 27 years of teaching I feel this is my best year ever. The quality of instruction is the best with the tools we are using. I would never want to teach without access to laptops again." - Bill Moore, UPHS Teacher

## Annual Measurable Objectives (AMO)

In 2012-2013, MCS met their targets in Reading in ALL subgroups!!!

M

## High expectations

- Greater accountability and improved school performance
- Decreased achievement and opportunity gaps
- Increased high school graduation rates
-Career and college readiness for every child

## Future Ready Community

The schools cannot do this alone. We must have a commitment from our community to transform our schools and ensure our students are ready for their future.
