V. SUPERINTENDENT'S REPORT

Dr. Grimesey presented the Superintendent's Report on School Board Appreciation Month with the following: Madame Chairman and members of the Board, just in case you had not noticed, January is School Board Appreciation Month! It is a time when everyone associated with Moore County Schools takes the opportunity to recognize the countless contributions of our locally elected servant leaders who do so much to advance public education across the nation - and Moore County Schools in particular. It should be recognized that you shoulder enormous responsibilities. You are elected to establish the policies that provide the framework for our schools. You provide vision and leadership in your roles as advocates, and you stand up for our students and for the immeasurable benefits that public education affords them. Those many benefits include - but are not limited - to your establishment of:

- a new vision and strategic plan;
- a successful three-year effort to eliminate the school district's dependence on a rapidly-depleting fund balance; and
- your many contributions to the 80% public support for last May's bond referendum and to almost 60% support for November's quarter-cent sales tax referendum.

And thus, you have set the stage for a 2019 during which you will oversee FIVE active school construction projects:

- with two that currently are under construction;
- with site development underway at the third; and
- with ground to be broken on the fourth by mid-summer and on the fifth by early autumn.

Moore County Schools' children are the direct beneficiaries of the tireless work and countless hours contributed by you. Serving as a crucial link between the community and classroom, you have remained faithful to your vision to ensure that Moore County Schools' educational experiences inspire our students to reach their full potential and lead productive lives in an ever-changing world.

So in the spirit of the many messages that we see posted around this room, I now ask members of the audience to join me in...

- congratulating you on your many achievements during this past year;
- thanking you for your service and your commitment; and
- offering our continued support for your leadership in the year ahead.

VII. BOARD ACTION

A. New District Logo, Tagline and Brand Format: Catherine Murphy presented the new district logo, tagline and brand format. Following the adoption of the Moore County Schools new strategic plan for 2018-2021, district staff and the Board of Education embarked on an effort to create a new tagline and logo for the district. With the participation of board members, senior staff, principals and several school-based art teachers, concepts were developed, deliberated and finally narrowed down to the concept to be unveiled today. The new logo, tagline and brand format was introduced

as the program highlight. While not required by statute, staff recommends the Board of Education demonstrate support for the new logo and tagline by taking public action. Ed Dennison made a motion to approve the new district logo, tagline and brand format. Libby Carter seconded, motion carried 7-0.

VIII. BOARD COMMENTS

Pam Thompson recognized Robbins Elementary School and described her visit there as a group from Sampson County came to observe the STEM classes at Robbins Innovation Academy. Ms. Thompson also recognized Steve Johnson, Leigh Ann Holmes, Kim Bullard and all the staff and students for their ongoing efforts to support STEM education. Stacey Caldwell thanked students, staff, and members of the community for the support shown during School Board Appreciation Month and noted that the Board would not be able to do all they do without the support of teachers, staff and Dr. Grimesey. Bruce Cunningham echoed Ms. Caldwell's words and stated that the students outdid themselves this year with the bright, supportive, and artistic posters. Dr. Betty Brown noted that it has been, and will continue to be, a very busy year and thanked students for their show of appreciation. Ed Dennison extended his thanks to students and staff as well. Libby Carter also expressed her thanks and sent her best regards to students taking exams this week. Helena Wallin-Miller thanked students and staff for making Board members feel so appreciated and joined Ms. Carter in wishing students good luck on their exams.
